GRIDPRO®

HOTEL ACCESSORY PLATE 2 Gang Gridpro® Frontplate With Twin New Media™ Aperture

Our versatile GridPro® plate can be populated to perform multiple tasks using a combination of both GridPro® and New Media™ Modules.

BESPOKE SOLUTIONS FOR MULTIPLE PROJECTS

KEY CARD MODULE Save Energy & Money

The Key Card Module acts as the main electrical switch for the room & is operated by the guests', reducing the amount of time the lights (and/or appliances) are left on.

LASER ETCHING SERVICE Create Unique Installations

We offer a bespoke laser etching service, which can be used on the modules from the Click® Wiring Accessory ranges.
